

Experience a new perspective on our Observation Deck and try out a telescope for yourself - what can you discover?

The dome theatre has a 360° screen and surround sound

TO THE ASTROPARK

Sensory Key

- Quieter/calmer
- Can get busy
- Busiest zones

Our Sensory Rooms and Kepler Room provide a quiet space for you to try some different activities while you are visiting AOP.

- Check in with reception and ask any questions you may have;
- We have sensory bags available that include ear defenders and items to make you more comfortable; and
- If the Café is crowded, there are picnic tables available outside.

Explore and interact with our space pods and find out more about galaxies, stars, black holes, planets, comets asteroids and meteors.

Hear Armagh researchers tell you about their cutting-edge space research.

Find out more about the Armagh Observatory, its place in astronomical history, heritage telescopes and the longstanding Armagh meteorological record.
