

COURSE COMMITMENT

Course Title: L3 Esports
Your Course Leader: Conor Judge

vJan24

Our commitment to you

Our mission is to empower learners for success in the Esports industry by offering multifaceted education that combines personal growth with professional readiness. We create a safe, enriching environment that encourages creativity, collaboration, and a deep grasp of the Esports industry.

Our education offer

Intent

Three main themes are guided by industry experts, fostering student familiarity and connections between Esports domains and individual tutors. Our curriculum adopts an enjoyable stance towards the Esports industry, while also creating opportunities for collaboration and enrichment. Distinguished professionals are integrated into sessions, encouraging engagement and collaboration, and revealing avenues for students to progress. With the advantage of Confetti X, renowned for attracting global roles, we are dedicated to showcasing our students' contributions as they progress into Higher Education and the industry.

Implementation

Our approach combines projects to alleviate assessment burdens and enhance collaborative, hands-on learning. Learners advance through three core strands during their course, ensuring comprehensive development. Tailored timetabling affords numerous chances for esports engagement. Collaborations with the British Esports Federation and external experts introduce industry leaders, enriching the student experience.

Impact

Learners are challenged and enriched throughout their time on our course experiencing a fun and creative approach to education within the Esports Industry. We've received feedback that our curriculum provides a real sense of ambition, and this is showcased throughout. This was further evident in our 2nd year students pass rate being 95% for the year, demonstrating that students gained a good quality of education throughout the year.

Expected behaviours and attitudes

Intent

We aim to provide learners with a model of professional standards in our teaching through tutors' own behaviours and attitudes. It is our intent that by doing this we build the foundations for students to develop on, encouraging positive behaviours, calm environments and efficient support and guidance set through our examples.

Implementation

Our team establish a positive, professional workspace while guiding the utilization of industry-standard equipment. Tutors oversee behaviour in a welcoming and safe learning environment, fostering respectful interaction and collaboration among learners. Our team effectively manages attendance, monitoring, and achievement aspects, creating a comfortable space for learners to engage with tutors. Through our 'Do It For Real' programme, we encourage engagement and collaboration, enabling learners to address Esports Industry and Societal issues, fostering personal growth along the way.

Impact

Learners develop positive attitudes and behaviours towards their work and peers throughout their time on the course. Which will support them within their careers and in wider society. This is evident in our student's punctuality throughout their year being at an average of 96%, showcasing their commitment to remaining professional.

Your personal and professional development

Intent

We aim to develop students holistically throughout their time on our course, through inclusivity and meeting the needs of all our students. It is our intent that each student leaves our course not just with an understanding of the Esports industry, but an understanding of society and their roles and responsibilities within it alongside hands on experience in the Industry through Confetti X.

Implementation

Learners on our course are able to express themselves and develop their own views on various concepts throughout their time on our course. We provide safe spaces for them to learn and grow as people within whilst developing towards their careers in the Esports industry. We provide excellent opportunities for students to gain experience with industry technology.

Impact

Independent students ready to branch out into the Esports industry and wider society. Students are a positive influence on those around them both within the Esports industry and their career paths and in life. This was showcased through our celebrate event which had the highest attendance at Confetti and was ran entirely by our Esports students. Students also graduate ready to work in Esports with a wealth of experience and skills developed on the course.
