

COURSE COMMITMENT

Course Title: L2 Digital Video & Photography
Your Course Leader: Anthony Wynne

vJan24

Our commitment to you

To introduce and develop skills in the creative media industry.

Our education offer

Intent

Students are enabled to develop skills and knowledge in creative media skills through practical and academic techniques supported by experienced staff.

Implementation

Through a range of practical filming and photography projects, supported by research framed within realistic industry tasks, students will learn key knowledge to support a career in creative media skills.

Impact

Students will develop and improve on their knowledge, showing confidence in performing practical and theoretical based tasks and developing wider social skills.

Expected behaviours and attitudes

Intent

Students have clear expectations of what is expected of them in a safe and positive learning environment designed to support career and personal expectations/aspirations.

Implementation

Through clear statements of intent, students will be aware of course expectations to ensure a positive and creative learning environment designed to develop their potential.

Impact

Students can focus on their work and developing their skills and knowledge in a safe and supportive environment.

Your personal and professional development

Intent

Students are encouraged and expected to develop a range of personal qualities to support their personal and career choices in a positive manner.

Implementation

Imbedded through the courses, students will learn about a range of social and personal issues that relate to developing positive attitudes to life and career development in a caring and supportive environment.

Impact

Students are equipped with the tools and resources they need to pursue their career goals, explore their passions, and become confident, compassionate, and responsible members of society.
