Welcome to Confetti from the Head of FE

Dear Students, Parents, and Carers

I'm Nathan Levi Simpson, Head of Further Education here at Confetti.

It's great to have you as part of our Confetti community, and we look forward to supporting you on your creative industry journey. This handbook gives you with all the essential information you'll need throughout the year.

Inside, you'll find our guidelines and policies, as well as specific information related to your course. From academic expectations and support services to course schedules and assessments, this handbook is your go-to resource. Whether you are a new or returning student, we encourage you to take the time to familiarize yourself with its contents.

This handbook is designed to help you navigate your time at Confetti confidently, ensuring that you have the information and tools necessary to succeed.

The year ahead is brimming with possibilities, and I am confident it will be a time of academic achievement, personal growth, and creative exploration.

For our new students, this is the start of an exciting journey. You are joining an institution that values dedication, creativity, innovation and excellence. For our returning students, welcome back! We look forward to seeing you build on the strong foundation you've already established, continuing to uphold the high standards that make Confetti such a special place.

As we come together this year, it's important to remember the four Confetti rules:

1. **Be Here** - Regular attendance is crucial for success. Whether you're new or returning, being present in classes and college activities is key to making the most of your time here.
2. **Be On Time** - Punctuality shows respect for yourself, your peers, and your tutors. It ensures that everyone benefits fully from each class and college activity.
3. **Work to Deadline** - Managing your time effectively and meeting deadlines is essential for academic success and future career readiness.
4. **Be Professional** – Professionalism helps to create a positive, productive learning environment where everyone can thrive.

These principles are central to everything we do at Confetti and are designed to prepare you for the challenges and opportunities that lie ahead.

We are committed to supporting you every step of the way, providing the highest quality education and resources to help you achieve your full potential. Thank you for choosing Confetti as your place to learn, grow, and succeed.

Here's to a fantastic year ahead, welcome, and let's make it one to remember!

Welcome to your course

Conor Judge – Esports Course Leader

conor.judge@confetti.ac.uk

Conor is the FE Esports Course Leader. With a mixed background in Business, Hospitality, Events and Esports Production. Having completed a BSc in Digital Media Technology and MSc in Creative Technologies. Moving into Education with Confetti Institute of Creative Technologies, from July 2022.

Ryan Grundy – Esports Tutor

ryan.grundy@confetti.ac.uk

Ryan is the longest serving member of the course. His area of expertise is based around Esports coaching. As a trained Sports coach his time will largely be spent teaching you about Esports coaching, alongside Health, Wellbeing and Fitness, Psychology and Nutrition. Ryan's favourite game is Valorant and he'll probably beat you at it if you ask him. Finally, Ryan is a big Liverpool Football Club fan as well as Sam, so we strongly

discourage any talk of Jürgen Klopp leaving for the foreseeable future.

Sam Rynne – Esports Tutor

sam.rynne@confetti.ac.uk

Sam is the newest addition to our course and has experience in Business and marketing, through running her own mini fitness empire alongside the health, fitness and wellbeing elements of the course. Sam's favourite games are of the fighter variety and she is also partial to the odd weekend of AC Valhalla, when Liverpool, MotoGP and the NFL aren't being televised! Additionally, Sam has also represented GB in Powerlifting and has performed with her fitness company at

two of the UK's biggest rock and metal festivals for multiple years.

Four Rules

Our Confetti four rules are essential in your journey to employment and we expect you to take them as seriously as we do:

- **Be Professional**

Where possible we try to keep the same timetable for the full academic year, however your timetable may be subject to change, especially in the first six weeks of the course.

Lessons

You will study 8 units to complete the course, each unit has a grade, which will result in either a Pass, Merit or Distinction and each unit grade is added together to give the final grade at the end of your 2-year course.

Each week you will have various sessions with a combination of your Esports tutors who will deliver fun and engaging sessions about the current Unit of study. You will find each day as engaging as the next due to units offering specific and interesting challenges that will require you to research and adapt your skillset to complete.

Assessment and Feedback

When you submit work it is assessed within two weeks, and written feedback is sent to your Confetti email address.

It is essential you check your email regularly, read your feedback, and take any necessary action, for example you may have not achieved all pass criteria and therefore must complete a resubmission.

[Read BTECs rules on assessment and feedback.](#)

Your tutors will also go through this in sessions with you. It's important you understand how you will be assessed on the course. Please speak to your tutors if you unsure what your feedback means.

For US23 Resubmissions: Fails

If you fail an assignment, you must resubmit.

A resubmission includes any work that you missed or did incorrectly.

You can only resubmit once for each assignment. Each resubmission must be authorised by a Lead Internal Verifier at Confetti.

Resubmissions can only be authorised if:

- ✓ You meet all initial deadlines set in the assignment
- ✓ The assessor judges that you can provide improved evidence without further guidance
- ✓ You will have up to 15 working days to complete the resubmission IT CANNOT BE ACCEPTED AFTER THIS PERIOD.

IMPORTANT: Your tutors cannot give you any additional guidance on how to achieve a specific grade. This means we can't tell you specifically what to do to gain a higher grade.

US23 Resubmissions: Improving Grades

We will consider requests to resubmit to improve grades in special circumstances.

Upgrade resubmissions can only be authorised if:

- ✓ You made a full and genuine attempt to the best of your ability at the first submission.
- ✓ You meet all initial deadlines set in the assignment.
- ✓ The assessor judges that you can provide improved evidence without further guidance.

If your first attempt is not full and genuine, you will be refused an upgrade resubmission. This includes poor time management and prioritising other commitments like work over your assignments.

Retakes: If you do not pass a resubmission

- ✓ If you have still not achieved at least a pass after a submission and a resubmission you will be given one more chance to pass
- ✓ Your tutor will set up a retake assignment which will be different to your first assignment
- ✓ The highest grade you can achieve on a resubmission is a pass grade

Working out your final grade

(THIS IS AN EXAMPLE PLEASE MAKE SURE YOU USE THE CORRECT INFORMATION FOR YOUR COURSE)

When studying a BTEC, you complete units. For each unit you achieve a pass, merit or distinction. The lowest criteria grade in the unit determines the overall grade, e.g. in a unit with 4 criteria, if you get distinction for 3 criteria and pass for 1 the unit grade will be a pass.

If your unit grade is:

- Pass – it is worth 70 points.

- Merit – it is worth 80 points.
- Distinction – it is worth 90 points.

If you add up all the unit grade points, you will have your final grade.

You will track your grades in tutorials, but can request an update at any time from your personal tutor via email.

The following table shows the grades achieved for each point value.

Points range above pass grade	Grade
1300-1339	MPP
1340-1379	MMP
1380-1419	MMM
1420-1459	DMM
1460-1499	DDM
1500-1529	DDD
1530-1559	D*DD
1560-1589	D*D*D
1590 and above	D*D*D*

UCAS points

If you wish to go to university, you will need UCAS points. Once you know your predicted grade, you can use the [UCAS points calculator](#) to figure out your grade. When it comes to going to university, you will need to meet entry requirements and may need to work towards a specific grade.

Tutorials

You will have at least one tutorial per term, however you can request more from your personal tutor. During tutorials we discuss your learning, assessment and progress and agree targets to help you to develop skills.

Student feedback

Confetti strives to offer the best possible service and education thereby providing you with the best chance of success. We expect good conduct whilst you are at Confetti, and you should equally expect high standards from Confetti. We understand that sometimes you may be frustrated or disappointed with a part of the service that you receive, and Confetti is keen to resolve any

complaints you may have quickly, so that you can concentrate on your studies without undue frustration.

If you have any comments regarding your experience with any of Confetti's services we would encourage you to complete a customer comments form to notify us. These forms can be found at reception with a closed box for you to post them into. This service can be used anonymously if you wish.

If you have a complaint about a member of staff, please talk to Emma Talbot in Student Services, who can look into your concerns confidentially and sensitively.

If you have a more serious complaint, it is important that you talk to a member of staff as soon as possible, so that we can help to resolve your issue. If you are not satisfied, there is a grievance procedure in place. If you would like to take your complaint further, you will be required to submit your comments in writing to complaints@confetti.ac.uk This will then be passed on to the appropriate committee. This helps to keep any issues clear and will also help to resolve any problems as quickly as possible

Student Representatives

Your class will elect a representative who will attend termly meetings to speak directly to your Confetti course leader and senior management and give feedback on all aspects of life at Confetti. Reps are *your* mouthpiece, so make them your first port of call for any course and Confetti-wide issues

Industry Opportunities at Confetti

Whatever you're studying, there will be opportunities for you to volunteer for industry work experience - and this is what Confetti calls **'Do It For Real'**.

These opportunities will be promoted throughout the year and you'll be able to volunteer via your course tutors, who'll make sure the experience is suitable for you and you'll get the most out of it. Sometimes you may have to apply for a position which is good practice for when you come to finish your course.

Also keep an eye out on the weekly student notices as some opportunities appear there.

Ambassadors

Student ambassadors are hired by Confetti to work at promotional events, to give a first-hand account of the student experience here. We select the best students from a pool of applicants each year. If you are confident and have a lot to say about Confetti, speak to your tutor.

Enrichment activities

In addition to your weekly timetable, you will have the opportunity to take part in many events throughout the academic year, this includes trips, game jams, industry talks and many other events. You will receive information about each event in the weekly student notices and from your tutors. This is an ideal way to make friends with people from other courses and open the doors to industry experiences. We encourage you to be part of the Confetti community.
