

WOLMER WOOD,

MARLOW COMMON,

MARLOW, BUCKS.

Sept. 28th 1933

My dear Philip

I was glad to hear that you are expected home tomorrow as I think Holme is rather anxious to have the photos now. I thought you had sent them to him before you went to Paris, but as you did not, I would very much like to go through them with you once again before they go on to Holme. The last place I saw them was in the drawer of the writing table at "The Kennels" — are they there still or did you take them up to town? If, as I gather from Miss Abernethy's letter, you are coming down to "The Kennels" on Saturday could you send over for me that day so that we could make a final arrangement of the photos? I have to go up to town on Monday and I could take the photos to Holme then. I hope you have had a good time in Paris.

Always yours, A. L. D.

If you can send over for me on Saturday would you please to say at what time I should be ready.
