

WOLMER WOOD,

MARLOW COMMON,

MARLOW, BUCKS.

April 30th 1936.

My dear Philip,

Just a line to thank you for your card - dated the 25th - and to say that I am much looking forward to seeing you. As your card says that you intend to come here on Saturday, May 2nd, I am not sending - as I said I would in my letter, which, I hope, reached you in Paris - the draft and the various pictures to you in London; I thought it would be better to keep them here so that we can go through them together. It ought not to take long.

What time will you be here on Saturday? Any time will suit us but you might, if you don't mind, phone and say when to expect you.

I hope you and Lucy are all right after your travels.

always yours A.L.B.
