Philip A. Laszlo Esqre.
3 Fitzjohn's Avenue

Dear Mr Laszlo.

We are the pleasure to write to you from London where we intend staying until next Thursday, we should feel very pleased to see you before our return to Paris, and at the same time it would interest us much to admire at your studio some of your latest portraits, as you must probably remember you painted my wife's portrait a few years ago which gave us a great satisfaction, and is considered in Buenos Aires one of your finest work. my daughter who greatly admires her mother's portrait, asks me if it should not

me excuse you trouble asking you to sign
your autograph on her album.
Waiting for your kind answer
believe me yours sincerely.
