Dear Sir ,

I am in receipt of your favour which I received in Vienna , where I am lying in the Sanatorium Loew and to my regret must still stay about ten days .

Mrs. Alberti as well as myself thank you very much for your remembrance and we are very glad to hear that the exhibition has brought you so much success .

I beg you herewith to send the picture of my wife very well packed to the following address :

B. Kurz for Mr. Alberti , Vienna I Weinburggasse 4 and request you to confide the picture with the frame for package and expedition only to an expert , without saving any expenses , for it would be the greatest loss for us , if the portrait should arrive here with some damage .

In the best case we shall come to London in December ; my illness , to my regret , has delayed our journey to England :

We had written you and Mrs. Laszlo last summer from Vienna a long letter , but it seems that you did not get it which is very regrettable .

We hope that you will enjoy with Mrs. Laszlo your journey to Paris and Rome very much and we shall be pleased to learn about it from the news papers from time to time , which certainly will bring news about this trip .

With best regards from Mrs. Alberti and myself to you and Mrs. Laszlo ,

I am dear Sir ,

yours sincerely
