

Dear Mr. Laylo—

I must go
see the portrait of my
husband yesterday at
the French Gallery—

It is a wonderful picture
and I am sure that the
Carolina people will love
and appreciate it. The
Southerner has a very loyal

feeling towards the sons of
their State.

I hope that we may have
the privilege of coming some
time to see your studio. It
would be a very great pleasure
to see you and Mrs. Sages -

It was so difficult to hear
over the telephone the other day
on account of my deafness,
Am I right - that you said
Lord Sheffield had ordered
a second replica for the

Foreign

Office - ?

Very sincerely

Alfred W. Page
