

**South Devon Group Meeting
The Courtenay Centre
Newton Abbot TQ12 2QA**

Bewick's Swans, Curlews and Spoon-billed Sandpipers - The work of the Wildfowl & Wetlands Trust

**Presented by
Jackie Harris-WWT**

**Monday 20th February 2023
@7.30pm**

Members and Non-Members Welcome

Jackie has worked at the Wildfowl and Wetlands Trust for 7 years and has taken a passionate interest in the Trusts' work to save both wetland species and the habitats that they depend on for their survival. She now volunteers to give talks about the Trust's work - including on Bewick's swans, Madagascar pochard, spoon-billed sandpiper and curlew. These very varied species give an insight into the Trusts' work at home and around the World.

The meeting will take place at the Courtenay Centre in Newton Abbot (near the Cricketfield Car Park) at 7.30pm and lasts about 2 hours, including refreshments

Entry £3 for members and £4 for non-members including tea/coffee
