

**MAINS SUPPLY**

**LIGHT FITTING**

**LED INFORMATION:**

- The Fitting has a 3 stage dimming facility, to change the brightness the fitting should be switched on and off until the desired light level is achieved.
- The LED lamps are not replaceable, when the lamps reach the end of their life the whole luminaire shall be replaced (see next page).

**Recycling and disposal of parts at end of life.** Follow the steps below to dismantle the luminaire and dispose of the parts in the correct waste stream.
