## PATTERN MARKINGS

GRAINLINE: Place on straight grain of fabric, parallel to selvage or fold.

FOLDLINE: Place line on fold of fabric.

BUTTONHOLE MARKING: Indicates exact length and placement of buttonholes.

BUTTON MARKING: Indicates button placement.

NOTCHES AND SYMBOLS: For matching seams and construction details.

Indicates the Bustline, Waistline, Hip and/or Biceps. Measurements refer to circumference of Finished Garment (Body Measurement + Wearing Ease + Design Ease). Adjust pattern if necessary. The measurement excludes pleats, tucks, darts and seam allowances.

SEAM ALLOWANCE: 5/8" (1.5cm) included unless otherwise indicated, but not printed on tissue.

## ADJUST IF NECESSARY

Lengthen or Shorten at adjustment lines (—) or where indicated on pattern. If substantial length is added, you may need to purchase additional fabric.

TO SHORTEN: Crease along adjustment line. Make a fold half the amount needed. Tape in place.

TO LENGTHEN: Slash between adjustment lines. Spread amount as needed, keeping edges parallel. Tape over paper.

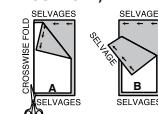

When Alteration lines are not on tissue, lengthen or shorten at lower edge.

SHRINK FABRIC if not labeled pre-shrunk. Press.

CIRCLE LAYOUT for View, Size, Fabric Width.

Use WITH NAP layout for fabrics with one-way designs, nap, pile or surface shading. Because most knits have surface shading, a with nap layout is used.

For DOUBLE THICKNESS (WITHOUT FOLD) - fold fabric with right sides together.

For SINGLE THICKNESS - place fabric right side up. (For Fleece fabrics, place pile side down.)

## CUTTING AND MARKING

★ Cut other pieces first, allowing enough fabric to cut this piece. Open fabric. For "Cut 1" pieces, cut piece once on single layer of fabric with piece face up on right side of fabric.

Pattern may have cutting lines for several sizes. Select the proper cutting line or pattern pieces for your size.

Before CUTTING place all pieces on fabric according to layout. Pin. (Layouts show approximate position of pattern pieces; position may vary according to your pattern size.) Cut ACCURATELY, cutting notches outward.

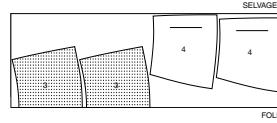

Before removing pattern, TRANSFER MARKINGS and lines of construction to Wrong Side of fabric, using the Pin and Chalk Pencil method or Tracing Paper and Dressmaker Wheel. Markings needed on right side of fabric should be thread traced.

NOTE: Broken-line boxes (a/b/c) in layouts represent pieces cut by measurements provided.

PATTERN PIECES WILL BE IDENTIFIED BY NUMBERS THE FIRST TIME THEY ARE USED.

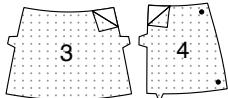

STITCH SEAMS WITH RIGHT SIDES TOGETHER UNLESS OTHERWISE STATED.

## SKIRT A, B, C

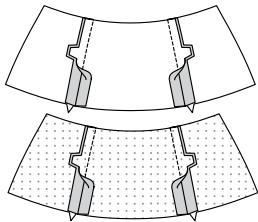

**NOTE:** The first view mentioned will be shown, unless otherwise indicated.

## YOKES

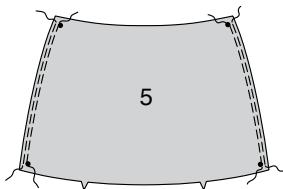

1. Fuse INTERFACING to wrong side of two YOKE FRONT AND BACK (3) FABRIC sections and four YOKE SIDE (4) FABRIC sections, following manufacturer's instructions.

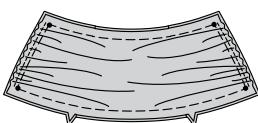

2. For each front and back, stitch two yoke side sections without interfacing to side edges of one yoke front and back section without interfacing. For each front and back FACING, stitch remaining yoke sections with interfacing together in same manner.

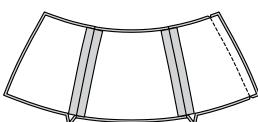

**View C**  
3. GATHER side edges of DRAPE (5) between small dots.

4. With RIGHT sides up, pin each drape to front and back yokes, matching notches and small dots, having raw edges even. Adjust gathers; baste.

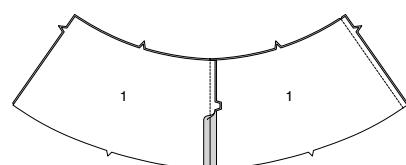

**Views A, B, C**  
5. Pin front and back yoke sections together at right side. Stitch, leaving left side open.

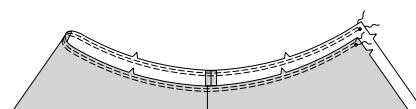

## SKIRT

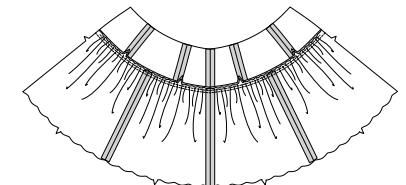

6. For each front and back, stitch two SKIRT FRONT AND BACK (1) sections together at center front and center back seam. Stitch front and back sections together at right side, leaving left side open.

7. GATHER upper edge of skirt between small dots on left side.

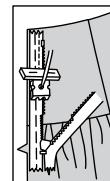

8. Pin skirt to yoke matching centers, notches, and right side seam. Adjust gathers. Stitch. Turn seam toward yoke. Press.

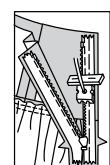

## INVISIBLE ZIPPER

**NOTE:** Stitch the invisible zipper using an invisible zipper foot. If the zipper is longer than the zipper opening, adjust after the zipper is inserted.

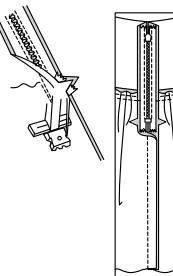

9. Open the zipper and press the tape using a cool iron. On OUTSIDE, pin RIGHT side of the zipper face down on the RIGHT side of the zipper opening. Have the coil along the seam line, the tape within the seam allowance and the top stop 3/4"(2cm) below upper edge, as shown. Hand-baste along center of the tape. Position zipper foot at the top of the zipper with RIGHT groove of the foot over coil. Stitch along tape to the notch. Back-stitch to reinforce.

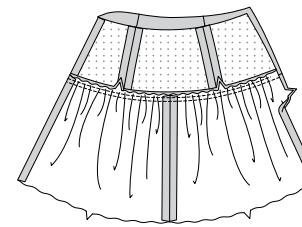

10. Pin the remaining half of the zipper to the LEFT side of the zipper opening in same manner. Make sure the upper and lower edges of the garment are even. Hand-baste along the center of the tape. Position zipper foot at the top of the zipper with LEFT groove over the coil. Stitch along tape to the notch. Back-stitch to reinforce.

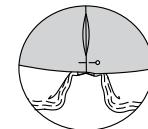

11. Close zipper and check that it is invisible from the OUTSIDE. Pull the free ends of the zipper tape away from the seam allowance. Pin remaining left side seam together below zipper. Position zipper foot all the way to the LEFT so the needle goes down through the outer notch of the foot. Start stitching seam 1/4"(6mm) above lowest stitch and slightly to the LEFT. Stitch seam for about 3" (7.5cm). Stitch remainder of seam using your regular presser foot.

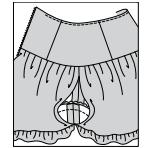

17. With RIGHT sides together, pin stay to yoke facing matching centers, notches and right side seams. Adjust gathers. Stitch. Turn seam toward yoke facing. Press.

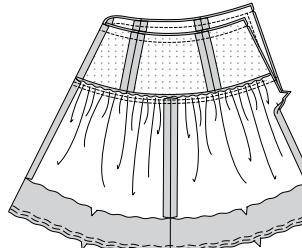

21. With WRONG sides together, pin lower edge of stay to lower edge of skirt at center back seam, placing the pin horizontally along the seamline. This is to keep the seams aligned when turned WRONG sides out.

22. Reach in through opening in center back seam and pull out lower edge of stay and skirt and re-pin RIGHT sides together. Continue pulling out lower edges and pinning RIGHT sides together, matching seams and centers. Adjust gathers. Baste. Stitch, pulling seam through the "donut hole" as you stitch.

18. Open out left side opening edges of skirt, rolling zipper teeth away from the opening edge. With RIGHT sides together, pin yoke facing/stay to skirt, matching centers, side seams and opening edges. Stitch upper edge. Trim.

13. If you prefer, open out each seam allowance at end of zipper and stitch tape to seam allowance.

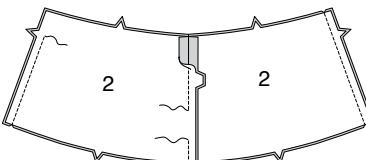

14. GATHER lower edge of skirt, breaking stitching at side seams.

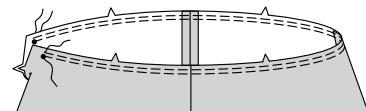

## SKIRT STAY

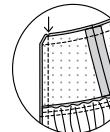

15. For each front stay and back stay, stitch two SKIRT STAY (2) sections together at center front and center back seam, leaving an opening in center back seam close to lower edge. Stitch front and back sections together at right side. Stitch left side, stopping stitching at notch.

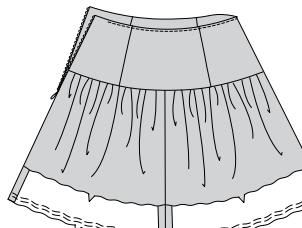

16. GATHER upper edge of stay between small dots on left side.

19. Pin left side opening edges together. Using an adjustable zipper foot, stitch 1/2"(1.3cm) from left side edges, keeping zipper teeth free. Trim corners. Do not trim side edges.

20. UNDERSTITCH yoke facing as far as possible. Turn facing and stay to INSIDE, rolling zipper teeth back in place. Press.

23. Turn skirt RIGHT side out through opening. SLIPSTITCH opening closed.
